<p>AOB</p> <ol style="list-style-type: none"> 1. A question was asked about why there had been such a big increase in the cost of the lockup garages in St Bunyans Place which are leased from Fife Council. JF said that he had been talking to a local fireman who thinks the garages may be illegal from a health & safety point of view as, internally, the garages are only separated by mesh. Cllr Brett will look into this. 2. A large vehicle has knocked down the Meadow Road sign and destroyed some of the fencing around the building foundations. Cllr Brett was requested to see what could be done as, with the fencing partially destroyed, this could pose a health & safety risk. 3. CF asked if anyone knew who had cleared the strip of waste land next to the Commercial Arms. A general discussion followed about several unsightly aspects in the village centre; JE and JF agreed to walk around the village and show these to Cllr Brett. 4. Mears Court sheltered housing. An extra charge for the warden of approximately £500 per year for each dwelling is being levied. However, the warden is only there part-time. Cllr Brett will clarify details of charges to see what can be done about this issue. 5. There are large potholes in Pitlethie Road at the narrowest point on approach to the school. TB will deal with it in this instance but will send TG (secretary) details of who to report potholes to in future. 	<p>TB to look into increase cost and safety of St Bunyan's Place garages</p> <p>TB</p> <p>JE, JF & TB</p> <p>TB</p> <p>TB</p>
